

Mediterranean Villas are a new development of one level villas with a large private solarium that boasts a worktop with sink, to be used as an outside kitchen to assist al fresco dining and also there is an installed washing machine.

The villas are designed with quality materials and with comfort in mind with each having a private garden with a pool being an optional item. Buyers can select their own wall tiles, flooring and decoration. There are patio doors from both the living room and master bedroom leading directly to your own garden with pool if so desired. The master bedroom has a bathroom en suite and there is a separate bathroom for guests. The location of the villas is close to the town of Pilar de La Horadada, which offers quiet living, but with full town amenities close by. The villas can be either 2 bed 2 baths, or 3 bed 2 bath versions with a very low 2 bed 2 bath version starting price of only €184,900 Euros, which can be paid in stage payments.
